*Central Asian Voices* is an occasional series of papers on Central Asian themes. Contributions should be sent to the Editor. If possible, please submit your material in English, as we do not have ready resources for translation.

We are extremely grateful to:-

A. Clepper  
M. Loewenthal  
B. S. Adams  
B. Greenall  
E. J. Lazzerini

who undertook the arduous task of translation for this issue.

We are also very grateful to Coral Kent, without whose endless patience illegible manuscripts would not have been turned into usable copy.
