The Mirror of Trinity

Maulana Kausar Niazi

Christianity is undoubtedly one of the revealed religions, but it seems to have lost its intrinsic values through the passage of time. The way Christianity is being preached by the clergymen leads the people to grope in darkness than dawning the celestial light on them. The book has mirrored into them as to how they bring a bad name to a fair task. It is a study of Christ and the religion he preached based on facts.

Demy 8vo., pp. xii, 121.

Islam: Our Guide

Maulana Kausar Niazi

This book is a continuation of the learned author's previous books: *Towards Understanding the Qur'an*, *Fundamental Truths* and *Islam: Our Religion*.

The fifty-five chapters of the book touch a wide scale of subjects which would establish that Islam is not foreign to the nature and temperament of man.

Demy 8vo pp. xii, 221.

Fundamental Truths

Maulana Kausar Niazi

It is a masterly exercise in indicating and demonstrating how the fundamental truths of Islam can be applied in practice to effectively solve problems arising at individual, communal and national planes in the context of changing times.

Demy 8vo., pp. viii, 148.
