The World of Islam—Muslim Population by Country	2

Praise for the first edition . . .

“[Offers us the] panorama of the entire world of Islam and we view the unfolding process of history. . . . Very few writers have attempted such an ambitious task. . . . [Voll provides] a wide canvas of comparison and analysis.”—*Middle East Journal*

“The most important assessment of Islam to appear since the 1950s. . . . Mr. Voll’s work is pathbreaking.”—Daniel Pipes

John Voll’s new edition of *Islam* provides a perfect introduction to someone seeking a comprehensive, single-volume history. His opening chapters briefly discuss the historical background with the Prophet Muhammad in the seventh century through the rise of the eighteenth through twentieth centuries, while the final two chapters, totally rewritten for this edition, cover the significant events of the 1980s and 1990s. The bibliographical comments and suggestions for further reading have been updated. There is also a useful glossary of non-English terms.

JOHN O. VOLL is Professor of History at the University of New Hampshire, a past president of the Middle East Studies Association, and the author of the *Historical Dictionary of the Sudan*, coauthor of *The Contemporary Islamic Revival*, and coeditor of *Eighteenth-Century Renewal and Reform in Islam* (Syracuse University Press).
